

WBVolunteers.ca & Casino Fundraisers

WBVolunteers.ca is our local volunteer matching and management website that aims to connect volunteers and organizations in a way that is meaningful and efficient. The website offers various features available to organizations that make recruiting and managing volunteers for opportunities efficient and effective... including your casino fundraisers!

CREATE OPPORTUNITIES

After you decide how many volunteers you'll need in all the specific positions needed to make your casino a success, create individual volunteer opportunities for each position, and fill in all the fields so volunteers get all the necessary information they need to respond and sign up!

PROMOTE + SPREAD THE WORD

After the opportunities have been created and approved, you are ready to start spreading the word and promoting your casino volunteer opportunities! Help potential volunteers learn about your opportunity with social media posts, emails, and more!

PREPARE + CONNECT

Connect with your volunteers and download those handy volunteer lists that include information like volunteers names, phone numbers, and emails. Send a welcome, or reminder email, and be available for any questions they might have. Encourage volunteers to check in and out of their shifts on the Get Connected App for easy tracking.

SUPPORT IS AVAILABLE

Need support setting up the opportunities or learning how to navigate the website and utilize the different functions available? No problem! We are here to help. Email "wbvolunteers@fusesocial.ca" and get connected with one of our Coordinators who are available to help you through the process.
